Subject: CES: Hydrant Usage/Sanitary Sewer Discharge Update

Attachments: [01.16.15 Discharges to COH Sanitary Sewer.xlsx](#)

Bonnie:

Attached is our spreadsheet for discharges to the sanitary sewer (contaminated stormwater) and water usage from the hydrant.

1. I believe since the last notice we had 1 discharge to the sanitary sewer which occurred on 12/29/15.

2. We have had no usage of water from the hydrant for this time period so the meter reading is the same as the previous meter reading.

Thanks
